

The TOP 4 QUESTIONS every parent should ask their insurance company:

- 1) What are my individual and family out-of-pocket deductibles? What are my out-of-pocket maximums before 100% reimbursement begins?
- 2) How many visits per specialty (ie PT, OT, Speech) does my insurance plan allow per year for out-of-network providers?
- 3) Are there any limitations on diagnosis codes?
- 4) Does my plan have mental health coverage?

Don't let these questions and their answers overwhelm you. With the help of a professional consultant, you can navigate the insurance maze and receive the most possible reimbursement for therapy expenses.
